ATTENTION ALL STONE PARK AFTERSCHOOL PARENTS

Thank you for choosing Stone Park Afterschool Gang, Inc. as your choice for quality childcare.

As you are aware, Nash and Edgecombe county schools decided to begin their 2020-2021 school year with remote learning. We know this has affected many of the families we serve, and we are here to help!

We will now also be open for you to obtain safe, high-quality childcare while you are working. We have increased our WIFI speed to accommodate the increased need of internet access for online student work.

This letter is to inform you of **OUR** role in helping parents and/or guardians with the upcoming school requirements of online/remote learning from your child's school/teacher.

A. Please understand, we are **NOT** educators. We are educated in child development, not child education. Our deepest desire is to provide a safe environment for your child to reach his or her full potential.

B. We are **NOT** able to furnish devices or any equipment associated with remote learning, other than WIFI.

C. We **WILL** attempt to help each child complete their assignments but **CANNOT** guarantee your child will receive the same level of instruction as being in the classroom with a certified teacher. We **WILL** attempt to encourage your child to do the work assignments, however, we are **NOT** able to **"make"** them complete school assignments if they are disruptive and determined not to do their work. We **WILL NOT** do the work for them.

D. Ultimately, it is the responsibility of each parent and/or guardian to make sure his or her child completes the requirements of their school assignments daily. It is also the responsibility of the parent and/or guardian to make sure his or her child understands what is expected of them while learning outside of the traditional school environment. This includes, however is not limited to: **completing assignments without disrupting the other learners and coming to Stone Park each day ready to learn and complete assignments as required by their school and teacher.**

E. If your child will not complete assignments and is being disruptive to others during the designated "school" time, we will have to call you. If the disruption continues, we may be unable to help your child at all with remote learning. We **DO NOT** want other children to be unable to complete their daily school assignments.

Stone Park Afterschool will also be engaging in fun activities inside and outside, as we have always done in the past, with our afterschool program. Our strongest desire is to make this an educational experience, mixed with fun activities during the day. These are unprecedented times and are committed to making your child's educational experience a positive one. If you have any questions, please feel free to reach out to me directly. Thank you for your support!

Best Regards,

Anissa Adcock
